Medieval Dublin XVII Seán Duffy 2018-11-30 This volume contains a number of important studies relating to the archaeology of medieval Dublin, including the results of Antoine Giacometti's excavations piecing together the medieval urban landscape of James's Street; Maire Geaney's new interpretation of the carpentry involved in the Anglo-Norman waterfront revetments at Wood Quay; Sheila Dooley's examination of the 'lost' medieval church of St Michael on the site of the modern Dublinia heritage centre; and Gillian Boazman's study of material culture and identity in the southern hinterland of Hiberno-Norse Dublin in the half-barony of Rathdown. Historical analyses include a re-examination of the origins of the medieval diocese of Dublin by Dagmar O Riain-Raedel; Therese O'Byrne's brilliant new investigation of the networks of Anglo-Irish literary scribes working in later medieval Dublin. Aine Foley pieces together the history of the le Brun family, who were prominent in the life of the medieval city for centuries; Paul Dryburgh re-examines the Dublin connections of Roger Mortimer, first earl of March, lieutenant of Ireland at the time of the Bruce Invasion, and lover of Edward II's queen, Isabella; and Phyllis Gaffney and Yolande Sexton provide a complete English translation of the Anglo-Norman Dublin custumal known as Les leys et les usages de la cite de Diveline from the Dublin Chain Book, a vital source of information about daily life in the medieval city. Dictionary of Food Compounds with CD-ROM, Second Edition Shmuel Yannai 2012-10-23 The increasing world population, competition for arable land and rich fishing grounds, and environmental concerns mandate that we exploit in a sustainable way the earth’s available plant and animal resources for human consumption. To that end, food chemists, technologists, and nutritionists engage in a vast number of tasks related to food availability, quality, safety, nutritional value, and sensory properties—as well as those involved in processing, storage, and distribution. To assist in these functions, it is essential they have easy access to a collection of information on the myriad compounds found in foods. This is particularly true because even compounds present in minute concentrations may exert significant desirable or negative effects on foods. Includes a foreword by Zdzislaw E. Sikorski, Gdańsk University of Technology, Poland; Editor of the CRC Press Chemical & Functional Properties of Food Components Series. Dictionary of Food Compounds, Second Edition is presented in a user-friendly format in both hard copy and fully searchable CD-ROM. It contains entries describing natural components of food raw materials and products as well as compounds added to foods or formed in the course of storage or processing. Each entry contains the name of the component, the chemical and physical characteristics, a description of functional properties related to food use, and nutritional and toxicological data. Ample references facilitate inquiry into more detailed information about any particular compound. Food Compounds Covered: Natural Food Constituents Lipids Proteins Carbohydrates Fatty acids Flavonoids Alkaloids Food Contaminants Mycotoxins Food Additives Colorants Preservatives Antioxidants Flavors Nutraceuticals Probiotics Dietary Supplements Vitamins This new edition boasts an additional 12,000 entries for a total of 41,000 compounds, including 900 enzymes found in food. No other reference work on food compounds is as complete or as comprehensive.

Family Law in Nigeria. Nwogugu, E.I. 2014-05-08 This is the third edition of an established and leading book on family law in Nigeria. Since the last edition in 1990 significant judicial and statutory enactments have taken place in the area of study. The new edition incorporates these changes and explains their implications. The chapters have been comprehensively re-written to reflect the changes in the law and to update all relevant information including the Same Sex Bill and the Nigerian Law Reform Commissions draft Marriage Act. New chapters have been included on domestic violence and widowhood respectively to reflect the continuing developments in Nigerian family law. The new Child's Right Act of 2003 and the similar state legislations have been analysed in the three new chapters. The non-customary law rules in the intestate succession have been extensively recast to reflect the provisions of the Marriage act as contained in the Lawa of the Federation of Nigeria 2004. This edition has devoted considerable attention to the applicable customary laws on the family and provides extensive treatment of Islamic Law Rules and their interpretations and application by the superior court. Familu law in Nigeria presents a fresh view not only on the applicable rules on Nigerian family law but also suggest new directions and underlines the socio-economic implications.

Holy Bible: King James Version, 1611 Edition King James 2019-04-07 This is the original 1611 King James Bible (Pure Cambridge Edition) which had its 400th Anniversary in 2011. The King James Version is known in Britain, where it was translated, as the "Authorized Version." The Authorized King James Version of the Holy Bible is God's providentially appointed Word for the whole world which reveals the name of the Father as "Jehovah," and the name of His Son, "Jesus," in whom there is salvation, and the name of the "Holy Ghost," who also manifests Himself in true traditional Pentecostalism.The Pure Cambridge Edition (first published circa 1900) is the product of the process of textual purification that has occurred since 1611 when the Authorized Version was completed.
Counterparts James Joyce 2014-07-15 Farrington is an alcoholic scrivener who has been scolded by his boss for not finishing a task on time. But instead of completing the task, Farrington goes out for a beer and receives yet another scolding from his boss. Farrington’s day continues to unravel when he is humiliated at a local pub, and arrives home to find his wife out at chapel and his dinner uncooked. Critically acclaimed author James Joyce’s Dubliners is a collection of short stories depicting middle-class life in Dublin in the early twentieth century. First published in 1914, the stories draw on themes relevant to the time such as nationalism and Ireland’s national identity, and cement Joyce’s reputation for brutally honest and revealing depictions of everyday Irish life. Catholics on the Barricades Piotr H. Kosicki 2018-01-09 In Poland in the 1940s and '50s, a new kind of Catholic intended to remake European social and political life—not with guns, but French philosophy This collective intellectual biography examines generations of deeply religious thinkers whose faith drove them into public life, including Karol Wojtyla, future Pope John Paul II, and Tadeusz Mazowiecki, the future prime minister who would dismantle Poland’s Communist regime. Seeking to change the way we understand the Catholic Church, World War II, the Cold War, and communism, this study centers on the idea of “revolution.” It examines two crucial countries, France and Poland, while challenging conventional wisdom among historians and introducing innovations in periodization, geography, and methodology. Why has much of Eastern Europe gone back down the road of exclusionary nationalism and religious prejudice since the end of the Cold War? Piotr H. Kosicki helps to understand the crises of contemporary Europe by examining the intellectual world of Roman Catholicism in Poland and France between the Church's declaration of war on socialism in 1891 and the demise of Stalinism in 1956.

A Mere Machine Anna Harvey 2013-11-28 Introductory textbooks on American government tell us that the Supreme Court is independent from the elected branches and that independent courts better protect rights than their more deferential counterparts. But are these facts or myths? In this groundbreaking new work, Anna Harvey reports evidence showing that the Supreme Court is in fact extraordinarily deferential to congressional preferences in its constitutional rulings. Analyzing cross-national evidence, Harvey also finds that the rights protections we enjoy in the United States appear to be largely due to the fact that we do not have an independent Supreme Court. In fact, we would likely have even greater protections for political and economic rights were we to prohibit our federal courts from exercising judicial review altogether. Harvey’s findings suggest that constitutional designers would be wise to heed Thomas Jefferson’s advice to “let mercy be the character of the law-giver, but let the judge be a mere machine.&rdquo
The Negro Motorist Green Book Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Do Guns Make Us Free? Firmin DeBrabander 2015-01-01 Possibly the most emotionally charged debate taking place in the United States today centers on the Second Amendment of the Constitution and the rights of citizens to bear arms. In the wake of the Sandy Hook school massacre in Connecticut, the gun rights movement headed by the National Rifle Association appears more intractable than ever in its fight against gun control laws. The core argument of Second Amendment advocates is that the proliferation of firearms is essential to maintaining freedom in America, providing private citizens with a defense against possible government tyranny, and safeguarding all our other rights. But is this argument valid? Do guns indeed make us free? Firmin DeBrabander examines claims offered in favor of unchecked gun ownership in this insightful and eye-opening analysis, the first philosophical examination of every aspect of a contentious, uniquely American debate. By exposing the contradictions and misinterpretations prevalent in the case presented by gun rights supporters, this provocative volume concludes that an armed society is not a free society but one that ultimately discourages and, in fact, actively hinders democratic participation.
Investing in the Health and Well-Being of Young Adults National Research Council 2015-01-27 Young adulthood - ages approximately 18 to 26 - is a critical period of development with long-lasting implications for a person's economic security, health and well-being. Young adults are key contributors to the nation's workforce and military services and, since many are parents, to the healthy development of the next generation. Although 'millennials' have received attention in the popular media in recent years, young adults are too rarely treated as a distinct population in policy, programs, and research. Instead, they are often grouped with adolescents or, more often, with all adults. Currently, the nation is experiencing economic restructuring, widening inequality, a rapidly rising ratio of older adults, and an increasingly diverse population. The possible transformative effects of these features make focus on young adults especially important. A systematic approach to understanding and responding to the unique circumstances and needs of today's young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society at large. Investing in The Health and Well-Being of Young Adults describes what is meant by the term young adulthood, who young adults are, what they are doing, and what they need. This study recommends actions that nonprofit programs and federal, state, and local agencies can take to help young adults make a successful transition from adolescence to adulthood. According to this report, young adults should be considered as a separate group from adolescents and older adults. Investing in The Health and Well-Being of Young Adults makes the case that increased efforts to improve high school and college graduate rates and education and workforce development systems that are more closely tied to high-demand economic sectors will help this age group achieve greater opportunity and success. The report also discusses the health status of young adults and makes recommendations to develop evidence-based practices for young adults for medical and behavioral health, including preventions. What happens during the young adult years has profound implications for the rest of the life course, and the stability and progress of society at large depends on how any cohort of young adults fares as a whole. Investing in The Health and Well-Being of Young Adults will provide a roadmap to improving outcomes for this age group as they transition from adolescence to adulthood.

The Souls of Black Folk W. E. B. Du Bois 2021-08-29 The Souls of Black Folk W. E. B. Du Bois - One of the Most Important Books on Civil Rights, Race, and Freedom Ever Written. It is a seminal work in the history of sociology and a cornerstone of African-American literature and a monumental collection of essays that examines race and racism in America during the early 1900s and prior. To develop this work, Du Bois drew from his own experiences as an African American in American society. Outside of its notable relevance in African-American history, The Souls of Black Folk also holds an important place in social science as one of the early works in the field of sociology. The Souls of Black Folk is perfect for anyone interested in African-America literature and history

Also included are many Latin and French terms overlooked in the first edition. Medical jurisprudence in particular is enriched, with new definitions for insanity and pathological and criminal insanity. The second edition (1910) is an essential complement to the first edition (1891) as it provides the scholar and student of law important insights into the rapid development of law at the turn of the century. The second edition is also notable for its revamped system of arrangement, with all compound and descriptive terms subsumed under their related main entries. Libraries, students, historians, and practitioners will all benefit from this historically significant research tool.
Anna Karenina graf Leo Tolstoy 1966 A married woman falls blindly in love with a handsome military officer. Happy families are all alike; every unhappy family is unhappy in its own way. States Leo Tolstoy in his great modern novel of an adulterous affair set against the backdrop of Moscow and St. Petersburg high society in the later half of the nineteenth century. A sophisticated woman who is respectably married to a government bureaucrat, Anna begins a passionate, all-consuming involvement with a rich army officer. Refusing to conduct a discreet affair, she scandalizes society by abandoning both her husband and her young son for Count Vronsky--with tragic consequences. Running parallel is the story of the courtship and marriage of Konstantin Levin (the melancholy nobleman who is Tolstoy's stand-in) and Princess Kitty Shcherbatsky.
Commercial Law Applied David E. Robinson 2012-08-01 The principles, maxims and precepts of Commercial Law are eternal, unchanging and unchangeable. They are expressed in the Bible, both in the Old Testament and in the New. The law of commerce -- unchanged for thousands of years -- forms the underlying foundation of all law on this planet; and for governments around the world. It is the law of nations, and of everything that human civilization is built upon. This is why Commercial Law is so powerful. When you operate at the level of Commercial Law, by these precepts, nothing that is of inferior statute can overturn or change it, or abrogate it, or meddle with it. It is the fundamental source of all authority, power and functional reality.
