At twenty-two, Cheryl Strayed thought she had lost everything. In the wake of her mother's death, her family scattered and her own marriage was soon destroyed. Four years later, with nothing more to lose, she made the most impulsive decision of her life. With no experience or training, driven only by blind will, she would hike more than a thousand miles of the Pacific Crest Trail from the Mojave Desert through California and Oregon to Washington State—and she would do it alone. Told with suspense and style, sparkling with warmth and humor, *Wild* powerfully captures the terrors and pleasures of one young woman forging ahead against all odds on a journey that maddened, strengthened, and ultimately healed her.

Journeys North Barney Scout Mann 2020-08-01 In *Journeys North*, legendary trail angel, thru hiker, and former PCTA board member Barney Scout Mann spins a compelling tale of six hikers on the Pacific Crest Trail in 2007 as they walk from Mexico to Canada. This ensemble story unfolds as these half-dozen hikers--including Barney and his wife, Sandy--trod north, slowly forming relationships and revealing their deepest secrets and aspirations. They face a once-in-a-generation drought and early severe winter storms that test their will in this bare-knuckled adventure. In fact, only a third of all the hikers who set out on the trail that year would finish. As the group approaches Canada, a storm rages. How will these very different hikers, ranging in age, gender, and background, respond to the hardship and suffering ahead of them? Can they all make the final 60-mile push through freezing

temperatures, sleet, and snow, or will some reach their breaking point? *Journeys North* is a story of grit, compassion, and the relationships people forge when they strive toward a common goal.

Hiking the Pacific Crest Trail Bruce L Nelson 2018-10-17 One April morning I left the Mexico border and walked north on the Pacific Crest

Trail. For five months I hiked through the California desert, the snows of the Sierra Nevada, and the Cascade Mountains of Oregon and Washington. My goal was to succeed in an epic challenge: to hike 2,650 miles and reach Canada before the October snows. It was an unforgettable summer of sunrises, river crossings, and high mountain passes; of struggle and peaceful wilderness camps under the stars. In the fall colors of September I reached the border of Canada. This is the story of my thru-hike.

Wild Cheryl Strayed 2012-05-01 Selected to be read on Radio Four's Book of the Week. 'One of the best books I've read in the last five or ten years... Wild is angry, brave, sad, self-knowing, redemptive, raw, compelling, and brilliantly written, and I think it's destined to be loved by a lot of people, men and women, for a very long time.' --Nick Hornby At twenty-six, Cheryl Strayed thought she had lost everything. In the wake of her mother's rapid death from cancer, her family disbanded and her marriage crumbled. With nothing to lose, she made the most impulsive decision of her life: to walk eleven-hundred miles of the west coast of America - from the Mojave Desert, through California and Oregon, and into Washington state - and to do it alone. She had no experience of long-distance hiking and the journey was nothing more than a line on a map. But it held a promise - a promise of piecing together a life that lay in ruins at her feet. Strayed's account captures the agonies - both mental and physical - of her incredible journey; how it maddened and terrified her, and how, ultimately, it healed her. Wild is a brutal memoir of survival, grief and redemption: a searing portrayal of life at its lowest ebb and at its highest tide.

Unique woodcut illustrations decorate both volumes * Trail map to follow story locations in each volume * For both hikers and armchair adventurers of the PCT Exploring the people, places, and history of the Pacific Crest Trail as it ranges 2,600 miles from Mexico to Canada, THE PACIFIC CREST TRAILSIDE READER EBOOK brings together short excerpts from classic works of regional writing with boot-tested stories from the trail. The heart of this anthology is these real trail tales, stories taken from PCT hikers: trailside humor and traditions, "trail angels" and "trail magic," encounters with wildlife and wild weather, stories of being lost and found, rescues, and unusual incidents. Revealing a larger context are historical accounts of events such as Moses Schallenberger's winter on Donner Pass and pioneer efforts like the old Naches Road that ended up creating access to today's trails; Native American myths and legends such as that of Lost Lake near Mount Hood; and selections from highly-regarded environmental writers who have

captured the region in print, including Mary Austin in *The Land of Little Rain* ; John Muir in *The Mountains of California*; and Barry Lopez in *Crossing Open Ground*. Readers will also enjoy a few more surprising contributions from the likes of Mark Twain and Ursula Le Guin. For this digital edition of the PCT READER, we combined our two print volumes into a single, robust ebook that features stories from both the CALIFORNIA and OREGON & WASHINGTON volumes. Because the two-volume set is a compilation of old and new essays, however, the editors were not able to obtain digital publication rights for some of the previously published material. So while this combination ebook includes all the newly commissioned stories, as well as many other pieces for which the editors did have digital access, there are approximately four contributions from each of the printed books that do not appear here.
