Woman's Work in America Annie Nathan Meyer 1891 The chapters in this book on women in law, medicine, journalism, etc. were written by leading women in each field. Written at the height of the 19th century women's movement, they reflect the wide range of areas then opening up to women for the first time.

A Study Guide for Lady

Mary Chudleigh's "To the Ladies" Gale, Cengage Learning 2016
[New Literature on Women](#) 1998

The Intelligent Woman's Guide to Socialism and Capitalism Bernard Shaw 1984 With great wit and forcefulness, Shaw here presents the conditions under which he thought the world could look forward to the future with hope. This book sets out most

completely Shaw's indictment of capitalism as the source of both domestic injustice and international enmity, and his arguments for a socialist egalitarian society as the only society assured a healthy future.

The Female Instructor; Or, Young Woman's Companion: Being a Guide to All the Accomplishments which Adorn the Female Character, Etc 1811

Bookseller 1998

Unrequited Lisa A. Phillips 2015-01-27 Blending memoir, literary exposition, and revealing case studies, *Unrequited* is a powerful, surprising, and empathetic cultural and psychological exploration of one-sided romantic obsession. The summer Lisa A. Phillips turned thirty, she fell in love with someone who didn't return her feelings. She soon became obsessed. She followed him around, called him compulsively, and talked about him endlessly. One desperate morning,

after she snuck into his apartment building, he picked up a baseball bat to protect himself and began to dial 911. Her unrequited love had changed her from a sane, conscientious college teacher and radio reporter into someone she barely recognized—someone who was taking her yearning much too far. In *Unrequited*, Phillips explores the tremendous force of obsessive love in women's lives. She argues that it needs to be understood, respected, and channeled for personal growth—yet it also has the potential to go terribly awry. Interweaving her own story with frank interviews and in-depth research in science, psychology, cultural history, and literature, Phillips describes how romantic obsession takes root, grows, and strongly influences our thoughts and behaviors. Going beyond images of creepy, fatally attracted psychos, male fantasies of unbridled female desire, and

the platitudes of self-help books, Phillips reveals a powerful, troubling, and surprisingly common phenomenon. As she illuminates this mysterious psychological experience, placing it in a rich and nuanced context, she offers compelling insights to help any woman who has experienced unrequited obsessive love and been mystified and troubled by its grip.

Descartes and Cartesianism

Stephen Gaukroger
2017-01-19 This volume is a collection of original essays dealing with Cartesian themes and problems, especially as these arise in connection with Cartesian natural science and the theory of perception, agency, mentality, divinity, and the passions. It focuses in particular on Desmond Clarke's important contributions to these aspects of Descartes's writings. Stephen Gaukroger and Catherine Wilson split the volume into four distinct

parts; Cartesian Science, Mind and Perception, Actions and Passions, and Cartesian Woman. The contributors are internationally known and respected scholars of 17th century philosophy writing on a number of their favourite Cartesian topics.

Protecting Your Company's Intellectual Property

Deborah E. Bouchoux 2001 This guide shows how to identify a company's protectable assets, initiate steps to protect those assets, and use them to generate additional income. Specific chapters cover selection, application, maintenance, and infringement for trademarks, copyright, and patents. Other topics include trade secrets, unfair competition, employee work products, internal processes, and the Internet. The book also contains model forms and documents, including trademark license agreements, application forms for trademarks,

copyrights, and patents, sample noncomplete clauses, and intellectual asset audit forms. Bouchoux is an attorney specializing in intellectual property law. c. Book News Inc.

Fahrenheit 451 Ray Bradbury 1951 A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

The Cumulative Book Index 1999

Women Teachers and Feminist Politics, 1900-39

Alison Oram 1996 Women teachers were key players in twentieth century feminism. They fought for women's suffrage before the First World War and continued their vigorous campaigns for equal pay, equal promotion opportunities and abolition of the marriage bar into the less promising political environment of the 1920s and 1930s. This book is the first to offer a detailed assessment of why women teachers were so politically

active, and makes an important contribution to the literature on women's politicisation. Drawing on interviews with women teachers (in state elementary and secondary schools) as well as the records of teachers' associations and central and local government, it explores the tensions in the relationship between their position at the workplace and their family lives and unravels the connections and dissonances between how they saw themselves as both women and professional teachers.

Ending Discrimination Against People with Mental and Substance Use

Disorders National Academies of Sciences, Engineering, and Medicine 2016-09-03 Estimates indicate that as many as 1 in 4 Americans will experience a mental health problem or will misuse alcohol or drugs in their lifetimes. These disorders are among the most highly stigmatized health conditions in the United States, and they remain barriers to full participation in society in areas as basic as education, housing, and employment. Improving the lives of people with mental health and substance abuse disorders has been a priority in the United States for more than 50 years. The

Community Mental Health Act of 1963 is considered a major turning point in America's efforts to improve behavioral healthcare. It ushered in an era of optimism and hope and laid the groundwork for the consumer movement and new models of recovery. The consumer movement gave voice to people with mental and substance use disorders and brought their perspectives and experience into national discussions about mental health.

However over the same 50-year period, positive change in American public attitudes and beliefs about mental and substance use disorders has lagged behind these advances. Stigma is a complex social phenomenon based on a relationship between an attribute and a stereotype that assigns undesirable labels, qualities, and behaviors to a person with that attribute. Labeled individuals are then socially devalued, which leads to inequality and

discrimination. This report contributes to national efforts to understand and change attitudes, beliefs and behaviors that can lead to stigma and discrimination. Changing stigma in a lasting way will require coordinated efforts, which are based on the best possible evidence, supported at the national level with multiyear funding, and planned and implemented by an effective coalition of representative stakeholders. Ending Discrimination Against People with Mental and Substance Use Disorders: The Evidence for Stigma Change explores stigma and discrimination faced by individuals with mental or substance use disorders and recommends effective strategies for reducing stigma and encouraging people to seek treatment and other supportive services. It offers a set of conclusions and recommendations about successful stigma change

strategies and the research needed to inform and evaluate these efforts in the United States.

Queen Silver Wendy McElroy 2000 This riveting, well-researched book brings to light the dramatic life of a passionate free-speech champion. . . . I couldn't put down this remarkable book. - Nadine Strossen, ACLU President When she was just eight-years-old, a little girl with the odd name of Queen Silver stunned citizens and scholars alike in pre-1920s Los Angeles by hosting six remarkable public lectures on Darwin and Einstein, sponsored by the London Society of Science. A child prodigy and the daughter of famed socialist activist Grace Vern Silver, founder of the Industrial Workers of the World (IWW), Queen Silver was the subject of Cecil B. De Mille's film The Godless Girl. She matured to become an international feminist, atheist, and socialist, living a remarkable and inspiring life, of which

few feminists today are aware. Queen Silver: The Godless Girl is a fiery and profound biography of one of America's most amazing feminist thinkers, a woman who remained an active advocate of intellectual independence to the moment of her death in 1998 at the age of 86. Prolific feminist writer Wendy McElroy sympathetically chronicles the life of Queen Silver from personal interviews with her friends, published reports, letters, and a vast library of the family's personal papers. What emerges is a life like none other. A well-known thinker by the time she was 11-years-old, giving speeches titled Pioneers of Freethought, The Rights of Children, and Science and the Workers, Queen challenged three-time presidential candidate William Jennings Bryan to a debate on evolution (he declined); organized an atheist group at her high school; and left home at 15

to marry a doctor three-times her age, which later became the source of a highly publicized divorce. As a teenager, Queen once served as a defense lawyer for her mother and won. She founded the scholarly and well-reviewed Queen Silver Magazine, and overcame personal tragedy and political persecution during World War I's red scare. Queen worked as an extra in movies directed by D.W. Griffith, attended violent and controversial meetings of the IWW, and went into hiding at the advent of McCarthyism. In her later years, Queen received many freethought awards, remained active in the American Civil Liberties Union, and campaigned hard for public libraries. McElroy tells a complete story by profiling Queen's mother, lecturer and feminist writer Grace Vern Silver, whose struggles for justice in the IWW found her running for Congress, and whose personal education

motivated her to inspire the genius in her daughter. Wendy McElroy (Collingwood, Ontario) has written on women's and related issues for the National Review, Penthouse, Liberty, and Reason.

The Debates of Liberty

Wendy McElroy 2003 Wendy McElroy provides a comprehensive examination of one of the most remarkable and influential political phenomenons in America: the anarchist periodical Liberty and the circle of radicals who surrounded it.

The Self-Esteem Regime

Clarissa Burt 2021-11-11 Empowers women of all ages and backgrounds to improve their self-esteem for a lifetime of awareness, poise, and confidence. Despite years of progress, many women today continue to suffer from low self-esteem. In her revelatory and prescriptive work THE SELF-ESTEEM REGIME: An Action Plan for Becoming the Confident

Person You Were Meant to Be, internationally renowned multimedia producer, supermodel, award-winning actress, and public speaker Clarissa Burt offers down-to-earth advice for women to help them manifest self-confidence in all aspects of their lives: relationships, family, friendships, careers, and everyday engagement. The book helps readers find worthiness through a concrete, step-by-step program for women of all ages and backgrounds. Sharing her unique mix of knowledge, attitude, and humor, Clarissa walks readers through her unique process that instills a lifetime of self-awareness, poise, and assurance. Clarissa empowers readers to accept mistakes as valuable learning experiences and steppingstones. Her regime—which features a wealth of tips, case studies, and affirmations—is neither complicated nor demanding, although it builds mental

strength, toughness, and resilience –qualities necessary for higher self-esteem and overall wellness.

The Working Woman's Pregnancy Book Marjorie Greenfield 2008 This guide deals with the pregnancy issues especially the concerns of women who are employed outside the home during their pregnancies.

Parenting Matters National Academies of Sciences, Engineering, and Medicine 2016-11-21 Decades of research have demonstrated that the parent-child dyad and the environment of the family –which includes all primary caregivers –are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when

nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly

being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research,

and practice in the United States.

A Companion to Simone de Beauvoir Laura Hengehold 2017-10-02 4. Giving Voice: Beauvoir's Legacy in Two Perspectives

Narratives of British Socialism S. Ingle

2002-10-23 What can the study of narratives bring to our understanding of political ideas that other forms of analysis cannot? In *Narratives of British Socialism*, Stephen Ingle shows how imaginative literature can be used to give definition to political thought. The origins, development and eventual decline of British socialism are analyzed in the writings of Morris, Shaw, Wells, Huxley, Koestler, Orwell and others. Ingle concludes that narratives can give us an experiential understanding of political ideas.

Liberty for Women Wendy McElroy 2002 The contributors to this important new collection offer a vision of

contemporary feminism based on individual rights and personal responsibility. The New Harvard Guide to Women's Health Karen J. Carlson 2004 This holiday themed release offers five religiously themed stories about Christmas, offering lessons about life and spirituality. Among the stories offered in the program are Oh Little Town of Bethlehem, Don't Forget the Baby Jesus, The Christmas Tree, Dear Santa, and The First Christmas. ~ Cammila Collar, Rovi Heterophobia Daphne Patai 1998 A scathing criticism of political and sexual correctness, this thought-provoking and powerfully argued book is sure to incite debate among all Americans concerned with the legacy and future of women's rights.

Heterodoxy 1998
The Family Monitor and Domestic Guide Sarah Stickney Ellis 1848

What is a Woman to Do?
Kyriaki Hadjiafxendi 2011

This anthology contributes to a scholarly understanding of the aesthetics and economics of female artistic labour in the Victorian period. It maps out the evolution of the Woman Question in a number of areas, including the status and suitability of artistic professions for women, their engagement with new forms of work and their changing relationship to the public sphere. The wealth of material gathered here - from autobiographies, conduct manuals, diaries, periodical articles, prefaces and travelogues - traces the extensive debate on women's art, feminism and economics from the 1830s to the 1890s. Combining for the first time nineteenth-century criticism on literature and the visual arts, performance and craftsmanship, the selected material reveals the different ideological positions surrounding the transition of women from idleness to serious

occupation. The distinctive primary sources explore the impact of artistic labour upon perceptions of feminine sensibility and aesthetics, the conflicting views of women towards the pragmatics of their own creative labour as they encompassed vocations, trades and professions, and the complex relationship between paid labour and female fame and notoriety.

How To Be a Woman

Caitlin Moran 2011-06-16 Listen to the brand new dramatisation of How To Be a Woman, narrated by Caitlin herself, as part of BBC Radio 4's Riot Girls season Selected by Emma Watson for her feminist book club 'Our Shared Shelf' It's a good time to be a woman: we have the vote and the Pill, and we haven't been burnt as witches since 1727. However, a few nagging questions do remain... Why are we supposed to get Brazilians? Should we use Botox? Do men secretly hate us? And why does everyone

ask you when you're going to have a baby? Part memoir, part rant, Caitlin answers the questions that every modern woman is asking.

The Bitch in Your Head

Dr. Jacqueline Hornor Plumez 2015-05-01 Do you ever find yourself thinking, how could you be so stupid, you look fat, or you're a horrible mother? Are you afraid people will find out you've fooled them into thinking you're competent? If you're guilty of expressing these types of discouraging messages, then you have a bitch in your head. This self-critical behavior can wreak havoc with your life—it can keep you from getting the love you want, the raise you deserve, or even a good night's sleep. Dr. Plumez began to notice a pattern with her patients being too hard on themselves. She found that gentler approaches didn't work, but when she told them they were being a bitch—to themselves!—they finally

recognized their self-defeating attitude and how much it was weighing them down. With this book, Dr. Plumez can help you banish the bitch. It identifies the different types of “bitches”—work, marriage, parenting, and so on—and provides effective tools and techniques to combat the forms of self-destruction described. Once you begin to encourage rather than criticize, you will find that your career, social life, and relationships almost magically improve.

The Reasonable Woman

Wendy McElroy Have you, as a woman, ever felt frustrated while engaged in a discussion on some important topic? Do you feel constrained when attempting to express your ideas and views to others? Do you find yourself at a loss for words? Have you been labeled unreasonable by the men in your life? Have you been told you are too emotional or that women just tend to be that

way? Well, help is on the way! Wendy McElroy has broken through the wall of sexual stereotyping to offer the perfect guide to help women recognize their mental power, learn to reason effectively, and use this resource to succeed in love, work, and life. Designed for all women who want to explode the label of being unreasonable, this volume outlines the tools needed for readers to realize their intellectual potential. McElroy's delightful and informative book will help you win arguments; rise above intimidation; and successfully express yourself in private or in public, even in the face of hostility. This valuable self-help and women's studies guide includes the psychological dimensions of reasoning, emotional barriers, how to break the fear of error, and arguing to win. Wendy McElroy (Collingwood, Ontario) has written on women's and related issues for the

National Review, Penthouse, Liberty, and Reason.

Library Journal 1998

Minding Culture Terri

Janke 2003 Eight case-studies undertaken in Australia, entitled "Minding Culture: Case-Studies on Intellectual Property and Traditional Cultural Expressions" were selected, prepared, researched and written by Ms. Terri Janke, an Australian lawyer. The studies have been incorporated together in WIPO/GRTKF/STUDY/2.

The Reasonable Woman

Wendy McElroy 1998 Have you, as a woman, ever felt frustrated while engaged in a discussion on some important topic? Do you feel

constrained when attempting to express your ideas and views to others? Do you find yourself at a loss for words? Have you been labeled "unreasonable" by the men in your life? Have you been told you are too emotional or that women just tend to be that way? Well, help is on the way! Wendy McElroy has broken through the wall of sexual stereotyping to offer the perfect guide to help women recognize their mental power, learn to reason effectively, and use this resource to succeed in love, work, and life.

Designed for all women who want to explode the label of being "unreasonable," this volume outlines the tools needed for readers to realize their intellectual potential. McElroy's delightful and informative book will help you win arguments; rise above intimidation; and successfully express yourself in private or in public, even in the face of hostility. This valuable self-

help and women's studies guide includes the psychological dimensions of reasoning, emotional "barriers," how to break the fear of error, and arguing to win.

The Enforcement of Intellectual Property Rights: A Case Book L.T.C. Harms 2012-12 With this publication, WIPO and the author aim at making available for judges, lawyers and law enforcement officials a valuable tool for the handling of intellectual property cases. To that effect, the case book uses carefully selected court decisions drawn from various countries with either civil or common law traditions. The extracts from the decisions and accompanying comments illustrate the different areas of intellectual property law, with an emphasis on matters that typically arise in connection with the enforcement of intellectual property rights in civil as well as criminal proceedings.

Philosophising Experiences and Vision of the Female Body, Mind, and Soul: Historical Context and Contemporary Theory

Musingafi, Maxwell
Constantine Chando
2021-04-23 Much of our understanding of the world, our societies, and ourselves rests on theories and knowledge generated predominantly by men of certain nationalities and economic classes. This male-dominated and culturally specific theorizing and knowledge have generally resulted in the exclusion of women and other groups from the process of formal theorizing and knowledge building. Feminism argues that the male-dominated knowledge represents a skewed perception of reality and is only partial knowledge. Feminism is a generalized, wide-ranging system of ideas about social life and human experience developed from a woman-

centered perspective. It treats women as the central subjects in the investigative process and seeks to see the world from the distinctive vantage points of women in the social world. The best way to empower women and better the situation for women is to take women's daily experiences and their informal theorizing into account and, on this basis, adopt feminist approaches to building theory and knowledge. *Philosophising Experiences and Vision of the Female Body, Mind, and Soul: Historical Context and Contemporary Theory* provides an overview and introduction to the study of feminist theory and practice in the social sciences. This

book provides a starting point for further and more advanced study of the nexus of feminism, gender, and development and translates feminist theory and concepts into practice. The chapters investigate, in a historical context, mainstream and contemporary theories of feminism and gender studies. This book is ideal for post-graduate students of social science; researchers of development management, business management, public governance, and gender and development; activists; feminists; and practitioners, stakeholders, researchers, academicians, and students interested in feminist theory and knowledge building.
